MKB Consulting is a strategic consulting company where all consultants have an outstanding and recognized professional background.

Our cohesive team has a wide range of professional knowledge, the essence of which is not only corporate consulting, but also assistance to our clients in institutional and urban development projects.

Our growing expertise is in green bond financing, urban development and venture capital consulting, with which we support several county-level cities in their development projects.

We are helping our clients to win their developments within the framework of the rural development program.
